Dear President,

Dear Colleagues,

Legal-Profession.org operates an internet platform that allows lawyers' organisations and institutions to present themselves to a wider international public. Also events and news relevant for internationally active professionals can be published on Legal-Profession.org webspace. Organisations eligible to publish on Legal-Profession.org may be regional or domestic lawyers' Chambers with mandatory membership but also voluntary associations on the domestic or international level. Also legal-professionals themselves (Law-Firms or Sole Practitioners) can publish classifieds on Legal-Profession.org concerning their crossborder-activities.

To publish on "Legal-Profession.org" registration is required (click the respective button on the website). Afterwards you can login with your credentials set up during the registration process.

While "Classifieds" are open to the professional public, "news", "events" and "training and continued education" are only available to institutions and organisations who have requested so by a brief explanation of who you are and what type of information you intend to publish sent by email to the <mailto:webmaster@legal-profession.org>.
